Ecological commitment

In keeping with Gamadecor's demonstrated commitment to the environment, an Environmental Management System has been introduced by the company and certified as complying with the ISO 14001:2004 international standard. This system ensures the identification of all environmental impacts and aspects of Gamadecor's activities and improvements to its environmental performance, as well as contributing toward environmental protection and the prevention of pollution, from a balanced perspective that takes into account socioeconomic factors. At the same time, a Chain of Custody control system for wood has been introduced so as to ensure that the raw materials used to manufacture the company's products are sourced from controlled forests. In this way, Gamadecor can offer products with full environmental guarantees.

Siguiendo con la sensibilidad que Gamadecor siempre ha demostrado por el Medio Ambiente, se ha implantado y certificado el Sistema de Gestión Medioambiental basado en la norma internacional ISO 14001:2004. Dicho sistema permite localizar y mejorar todos los aspectos e impactos medioambientales que provocan todas las actividades de Gamadecor, además de promover la protección ambiental y la prevención de la contaminación, desde un punto de vista de equilibrio con los aspectos socioeconómicos. En paralelo, se ha implantado un sistema de Control de la Cadena de Custodia de la madera, con el fin de que las materias primas utilizadas en la fabricación de nuestros productos tengan su origen en bosques controlados. De esta forma Gamadecor puede ofrecer productos 100% respetuosos con el medio ambiente.
